

G3-M2-Topic E

G3-M2-L18-19: If the class is collectively proficient with the Subtraction with Renaming algorithm, then lessons 15 & 16 could be consolidated.

G3-M2-L20: If behind in pacing, consider omitting this lesson or lesson 21, but not BOTH.

G3-M2-L21: Strong number sense is needed to understand much of the concept development. Since this can't be developed in a short amount of time, be sure to not spend more than **1** day with this lesson.
