

G3-M3-Topic E

G3-M3-L16: If some students will struggle on the given Sprint, consider delivering this free Sprint - <http://www.teacherbilldavidson.com/multiplication-division-products/skip-count-by-nines>

G3-M3-L17: Throughout Grade 3, students will be identifying patterns in multiplication & division facts. Therefore, if you're behind in pacing consider skipping this lesson.

G3-M3-L18: If behind in pacing, this lesson's Problem Set could work as extension for early finishers. OR – the word problems could be used as application problems moving forward.
