

## G4-M1-Topic C

G4-M1-L7: If the problem set is overwhelming for struggling students, provide “Rounding with 2- and 3-digit numbers” problems, & use the problem set as extension work.

G4-M1-L8: If the problem set is overwhelming for struggling students, provide “Rounding with 2-, 3-, & 4-digit numbers” problems, & use the problem set as extension work.

G4-M1-L9: Allow students to continue using the vertical number line for as long as they need it to accurately solve rounding problems. If you sense that students are becoming overly reliant on it, challenge them to try a few problems without using it.

G4-M1-L10: If the problem set is overwhelming for struggling students, provide “Rounding with 2-, 3-, 4-, 5-, & 6-digit numbers” problems, & use the problem set as extension work.
