

G4-M3-Topic B

G4-M3-L4-5: During the concept development, consider writing the digit beneath each dot drawing, e.g. draw 3 dots in the ones column & write the digit 3 beneath it. This helps students bridge pictorial representations to abstract understandings.

G4-M3-L6: This could be a 2-day lesson in which the place value chart is taught day 1 & the area model on day 2.
