

G5-M4-Topic G

G5-M4-L25: For additional practice, consider this free worksheet -

<http://www.teacherbilldavidson.com/fractions-decimals-products/divide-whole-numbers-by-unit-fractions>

G5-M4-L26: For additional support, consider providing students with more tape diagram visuals than the Problem Set provides.

G5-M4-L27: This can be extension for lesson 25 & L26 early finishers. If this lesson is taught explicitly, review lesson 25 & 26 skills prior to practicing word problems.

G5-M4-L28: If behind in pacing, this lesson could be omitted or used as extension for early finishers during lessons 25-27.

G5-M4-L29-31: These lessons are important & challenging. Spend 4 or 5 days on lessons 29-31 if needed.
